History of Divine Plan Healing

- How it all began

David Ashworth & The Emerald Heart Light

The Birth Mother Lynne Shaw

- Lynne Shaw was born in England and has dedicated her life to guiding and supporting others in their evolution.
- After remaining a client of David's for many years, Lynne became an Emerald Heart Light Practitioner in 2009.
- In June 2013, Lynne was invited to become one of the Elders of The Emerald Heart Light

The Birthing of Divine Plan Healing

After years of intense spiritual challenges, Lynne asked the Universe if it was possible to reveal a gentler way to evolve, both for herself and for her clients.

- In the early hours of October 22nd 2013 her wish came true.
- Lynne was awoken early by The Emerald Heart Light, gifted with the visualization on how to perform an Emerald Heart Light Healing for a client. At the same time she noticed the presence of Yeshua and Mary Magdalene who gave these words to Lynne:
- „We offer you, the Divine Feminine and Divine Masculine, weaving together to reach a place of perfect harmony and peace on your world.“
- By these two Christed Ones she was offered a wonderful new healing system which beauty lies in its simplicity.

Divine Plan Healing was born

A Healing System with the
Emerald Heart Light as it's
Driving Force and the Love and
Wisdom of Mary Magdalene

The Birthing of Divine Plan Healing

Lynne and David followed the next months the outpouring of Guidance as it birthed this new Healing system into our world.

- They tried and tested it and wrote the first manual. The Emerald Heart Light pushed for it to be taken out into the world. Lynne and David responded immediately and taught Divine Plan Healing the next year in The Netherlands, Switzerland, Germany and the United Kingdom.
- After the first excitement at the healing system being birthed to the world, Lynne felt blocked, at every turn, from taking Divine Plan Healing any further.
- She realised she needed to hand over Divine Plan Healing into the very dedicated, capable and professional hands of her colleague Harriët Kroon in August of 2014

Lynne's successor, Harriët Kroon

- Lynne's Guidance had informed her that Harriët from the Netherlands would become the next Heart of Divine Plan Healing and Harriët's task was to take Divine Plan Healing into the world.
- On the 15th of August 2014, Lynne handed over Divine Plan Healing to Harriët.
- At that time Harriët was also one of the Elders of The Emerald Heart Light School of Enlightenment.

The foundation of the Divine Plan Healing School

Divine Plan Healing is grounded and evolves

- Harriët, a Reiki Master, graduated from the Barbara Brennan School of Healing in 2011, worked with the Emerald Heart Light for many years and became an Emerald Heart Light Teacher in 2014. She developed into one of the two Principal Light Carriers of the Emerald Heart Light in 2019.
- Being the heart of a healing system and being responsible for its expansion was a huge challenge at first. Once she had found her balance again, she served Divine Plan Healing wholeheartedly.
- In 2015 Harriët was guided to found the Divine Plan Healing School, to ground Divine Plan Healing into the world.

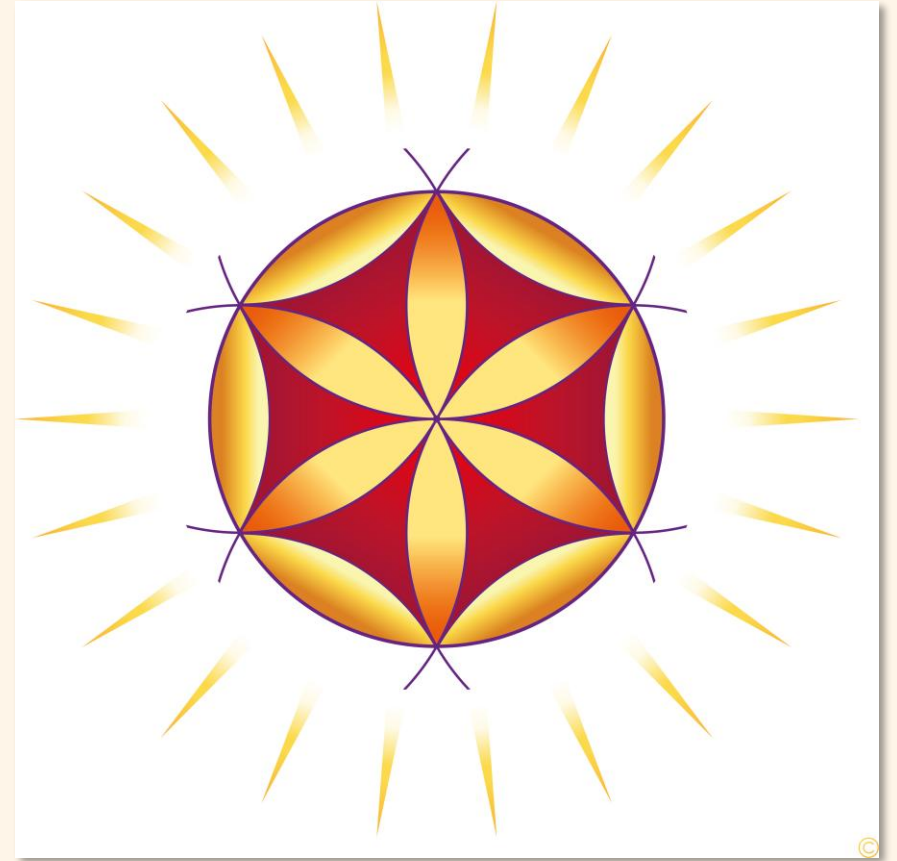

Divine Plan Healing developed further

Over the following years

- The school set up a website.
- Three teaching levels were developed (Divine Plan Healing Practitioners, Advanced Practitioners and Teacher), each with a comprehensive manual.
- Divine Plan Healing events and retreats were offered on location in Australia, France, Germany, Ireland and the Netherlands.
- In April 2019, the school was registered and accepted by the Dutch Central Registry for Short Professional Education (CRKBO).
- Divine Plan Healing became professional.

Harriët's personal Divine Plan kept unfolding

- In the summer of 2017 a new spiritual Light had chosen Harriët to come through her heart into our world. The Mary Magdalene Light.
- Harriët continued to bring Divine Plan Healing into the world, whilst the intensity of the new Light grew in her.
- In 2020 after six years of serving Divine Plan Healing, Harriët was guided to hand it over to the next generation. Harriët's attention and energy needed to fully go into serving The Mary Magdalene Light.

Harriët's successor, Alexandra Meyn

- Alexandra, like Harriët, was already an Emerald Heart Light and Divine Plan Healing Teacher at that time.
- She is a natural teacher and mentor. „Helping people in their development process towards becoming the best version of themselves is most fulfilling“, she always said about her work.
- Alexandra became the third Heart of Divine Plan Healing on the 29th of September 2020 and in January 2022 Head of the Divine Plan Healing School.

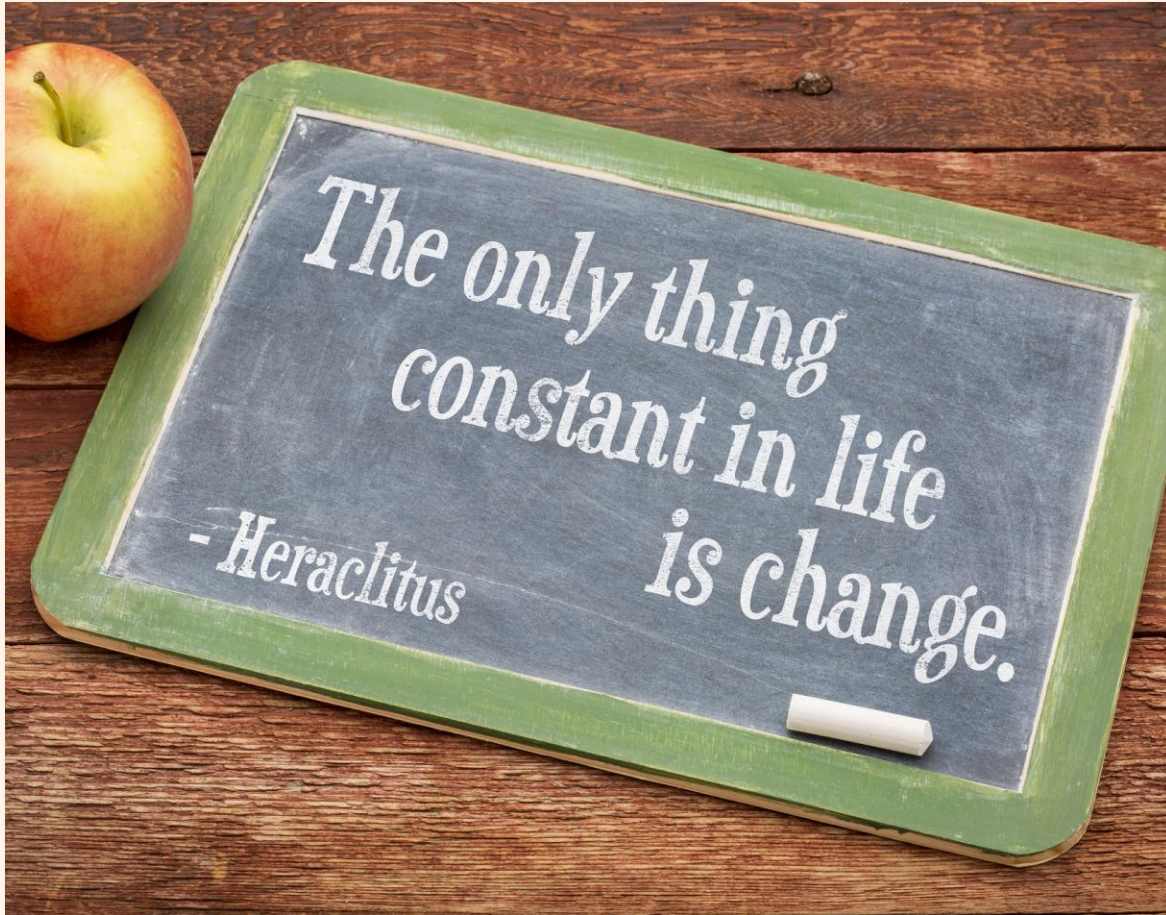

Divine Plan Healing continues to evolve

- Alexandra left behind her beloved and very successful practice in Munich as a ThetaHealing Instructor to fully dedicate herself to Divine Plan Healing.
- She was guided to rename the Divine Plan Healing School into Academy. She created a new academy website, updated the manuals including a German translation. Established the Divine Plan Healing Community with regular meetings. She organised an online retreat for the 10th anniversary in October 2023 from Madeira and much more.
- In summer 2022 a new essence was given through Alexandra: The Goddess of Light Essence, which as Emerald Heart Light essence works not only on opening the heart, but also on opening the "Holy Womb Chakra". Divine Plan Healing became a method that heals, strengthens, connects and unites both power centres – the heart and the womb, the center of creation.

Divine Plan Healing continues to evolve

- It was in January 2023, when Alexandra deeply understood the crucial role of the Divine Feminine Forces within Divine Plan Healing, The Emerald Heart Light rewarded her in a way she would never have imagined possible. The door opened for it twin force, The Mary Magdalene Light, to also enter Divine Plan Healing.
- On February 10th, 2023 Harriët seeded The Mary Magdalene Light into Divine Plan Healing. This seeding process is not something that happens overnight; it has it's own divine timing. The process was finished in April 2024.
- The Emerald Heart Light and The Mary Magdalene Light were now equally present within Divine Plan Healing.
- For Alexandra, this was tremendously fulfilling as she had known in her heart for some time already that this was what was needed for it to feel perfectly right. It was truly her task to unite both Lights in Divine Plan Healing.

Recent Changes

- As we work with evolutionary Light, everything is constantly evolving. Divine Plan Healing itself and all those who work with it.

Alexandra's successor, Daniela Hörath

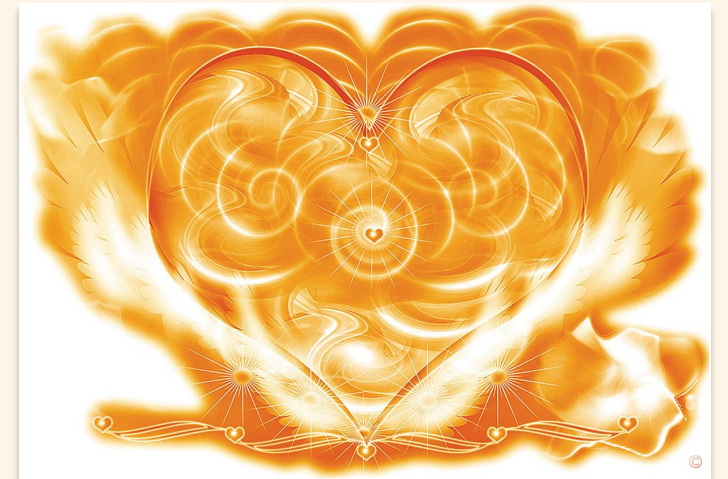

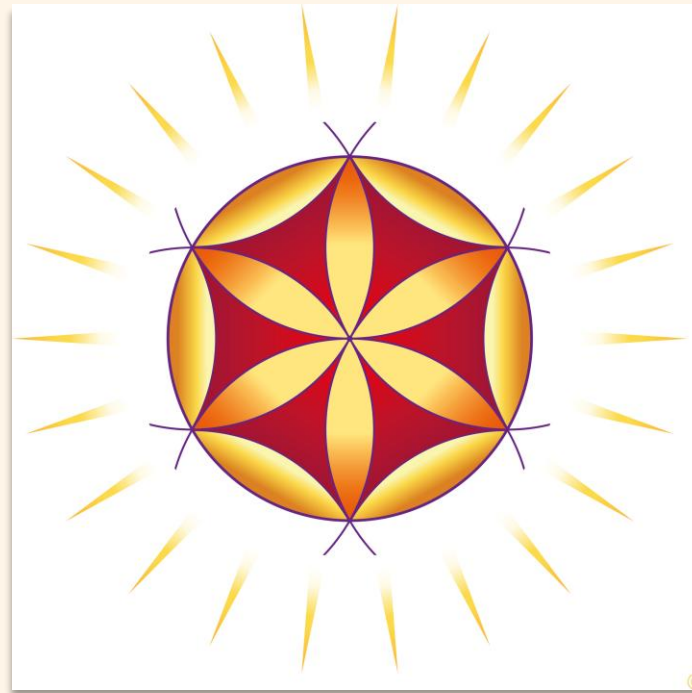

- When we work with evolutionary Light it can be challenging as things are always in motion and we need to adapt and go with the flow.
- The next development step was not long in coming. I was called to be the new and fourth Heart of Divine Plan Healing. This was a big surprise for Alexandra and myself.
- On 28 August 2024 the Light prompted Alexandra to pass on the torch and handed over Divine Plan Healing to me.

Further changes

- My new role as the Heart of Divine Plan Healing and since 26 November 2024 as the Head of the Divine Plan Healing Academy is still somewhat new to me. But I had to get used to it quickly, because the Light made me realise that it was my task now to implement the latest changes.
- As soon as the manuals were adjusted the Light announced that the Mary Magdalene Light would now also be reflected in the colour of the heart image.

The new golden colour of Divine Plan Healing

The recent changes

Divine Plan Healing is very much alive and constantly evolving.

- Daniela received another way to bring Light into the world on 4 March 2025, a Light Blessing. The Light that we receive during a Light Blessing illuminates our own Light dwelling within our heart. Our Divine Light – our Christ Light, (re)connecting us with our Divine Core. It helps us to feel at one with all that is. ([Find an Event to receive a Light Blessing](#))
- At the end of April 2025, Daniela received a new essence called Infinite Possibilities. This essence is the Key to your transformation and the core of Divine Plan Healing. ([Learn more about the new Infinite Possibilities essence](#))
- On 12 June 2025, The Light enabled Daniela to offer a new 3-4 months Divine Plan Healing Light Program to rebalance the Nervous System. ([Find out more about this new Light Program here](#))

What is Divine Plan Healing?

- Now you may be wondering what Divine Plan Healing actually is.

Powerful, Transformational & Pure Healing

- Divine Plan Healing is pure Light. The Emerald Heart Light and The Mary Magdalene Light in equal measure.
- Divine Plan Healing is for everybody, men and women.
- The usual way or method we work with Divine Plan Healing is by giving Healing Sessions, which is the start of a healing and transformation process.
- The Infinite Possibilities essence deepens and prolongs the Healing Sessions for 5 weeks.

Divine Plan Healing is...

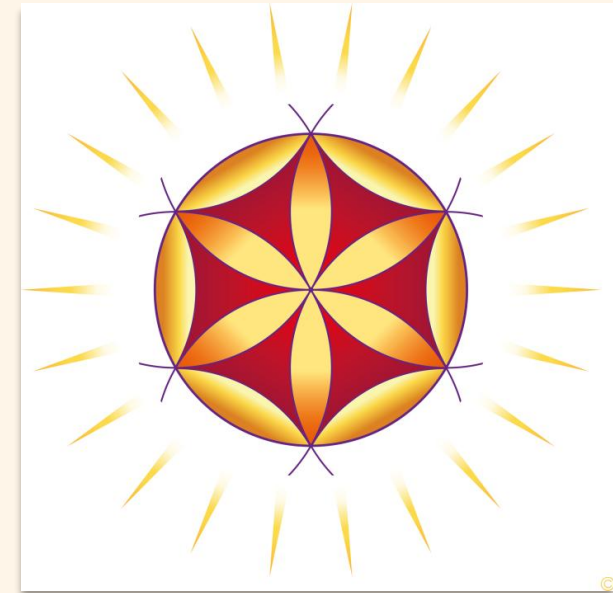

- Divine Plan Healing is here to help you heal, to connect with the wisdom of your Heart and the creative potential in your womb - to bring you into your own power.
- The name Divine Plan Healing says it all. These healings bring you into contact with what you planned to do here on Earth before you were even born. You therefore gain and regain more insight into your own plan, from a divine level. Divine Plan Healings align you with your personal Divine Plan, your individual blueprint - so you can see your life purpose and your unique path.
- Divine Plan Healing is your Path to Self-Empowerment, Self-Expression and Self-Love.

The two pillars of Divine Plan Healing

The Emerald Heart Light

The Mary Magdalene Light

The two pillars of Divine Plan Healing

- *The Emerald Heart Light* is the Driving Force in Divine Plan Healing.
- The Light unlocks and opens your heart, and therefore your sub-conscious awareness. This helps you to see the truth of your life. It will also highlight and help you to move through any external issues you may be experiencing in your life, that are holding you back from inner growth.
- *The Mary Magdalene Light* is the feminine equivalent of The Emerald Heart Light.
- It surrounds the beneficiary of a Divine Plan Healing session with a loving aura and gentle space where healing can occur.
- The loving Light helps you (re)connect with your feminine qualities. This enables you to hear the silent voice of your heart and guides you in a loving and compassionate way.

The Masculine and the Feminine in perfect balance

- Inner peace and balance cannot be found on the outside, but only within ourselves. When we create this inner balance, we become the change we want to see in the world. A world of equality and peace.

Divine Plan Healing..

..follows the path of simplicity, offering anyone the opportunity to learn to literally harnesses the power of the Universe and all you have to do, is Let Go and allow The Source to do the work.

Isn't that fantastic!

With Divine Plan Healing you work on the Fifth Dimension, the level of consciousness where all is one. This is the highest level on which healing and awareness can take place.

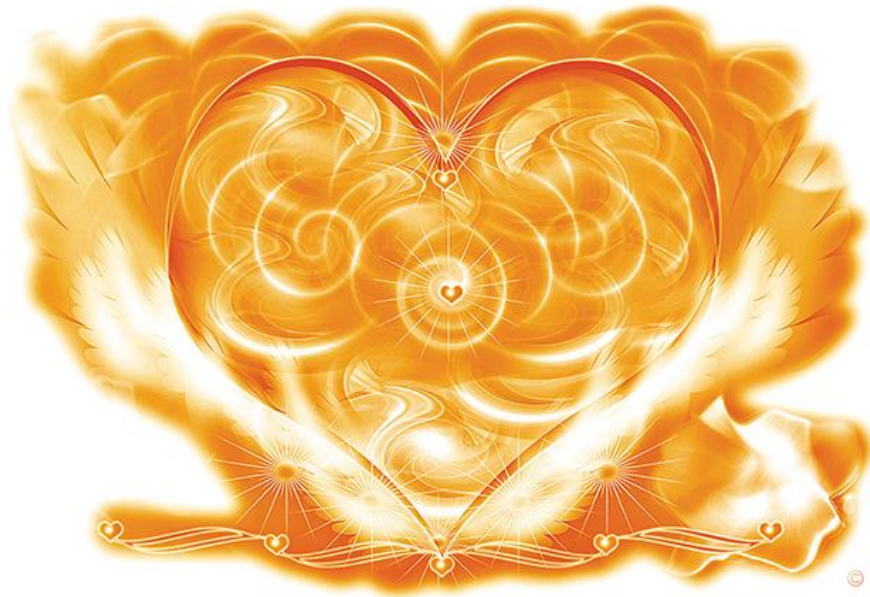

Divine Plan Healing is...NOT

- Divine Plan Healing is NOT a substitute for medication prescribed by a doctor or for a visit to the doctor. No practitioner will tell you to stop medication.
- Divine Plan Healing is NOT a „hands on“ healing like Reiki. Reiki is a healing method that brings healing. Divine Plan Healing goes beyond healing. It also opens your heart and your consciousness at the deepest level. In Divine Plan Healing you don't use your own body for the transmission of energy. In Divine Plan Healing sessions you are the Witness of the healing which the Light performs.
- Divine Plan Healing sessions cannot be used to make a better connection with energies and forces of the Dark, simply because the Dark cannot live in the Light.
- Divine Plan Healing sessions are NOT suitable to repair damage in the energy system or to remove aspects of entity consciousness. (Please contact an Emerald Heart Light *Program* Practitioner for these cases)
